

WASHBURN STANDS OUT IN TENNIS DOUBLES VICTORY

JAPAN'S DAVIS CUP TEAM WINS FIRST TWO MATCHES

WINS FIRST TWO MATCHES FROM AUSTRALASIA IN FINAL ROUND.

KUMAGAE'S GREAT RALLY

DEFEATS J. B. HAWKES AFTER DROPPING FIRST TWO SETS OF HARD MATCH.

NEWPORT, R. I., Aug. 25.—The Japanese Davis cup tennis team, consisting of Ichiji Kumagae and Zensho Shimidzu, reached a point within one match of the challenge round against the United States when they defeated the Australian team in two straight matches on the Casino courts here today. Shimidzu defeated J. O. Anderson in the forenoon singles match in straight sets, 6-4, 7-5, 6-4. In the afternoon match Kumagae won from J. B. Hawkes in a grueling five set contest that consumed two hours and forty minutes of actual play by scores of 3-6, 2-6, 6-8, 6-2, 6-1.

A victory in the doubles match tomorrow or in one of the remaining singles contests on Saturday will clinch the right of the Oriental stars to face the defending United States team at Forest Hills on September 2, 3 and 5. The steadiness and endurance of the Japanese players was the outstanding feature to-day. Kumagae, who had comparatively easy victory over Anderson, due to the latter's numerous errors, and the match did not rise high according to Davis cup standards of tennis. Quite contrary was true of the battle between Kumagae and Hawkes, the respective acts of the two teams.

The afternoon match was a thrilling contest of speed, terrific stroking and placement in which Hawkes, while his strength lasted, dominated the situation. He ran through the first two sets with the loss of but five games, hammering the ball to all parts of the court and particularly to Kumagae's backhand for repeated aces.

Kumagae raced about the court in tireless fashion, however, and the anticipatory player and the battle between the two teams was a hard one. Kumagae made his stand in the third set, which he won eight games to six and in which six games went to deuce before he won the set. He then won the fourth set 1-6, 6-2, 6-1, and the fifth set 1-6, 6-2, 6-1.

The points and strokes of both matches follow:

One Armed Swimmer Is Second in Garden Pool. E. Mastro, American Legion Man, Shows Good Form.

The novelty of seeing a one armed swimmer in competition was presented to the several thousand spectators who attended the water sports at Madison Square Garden last night. The competitor was Ernest Mastro, one of five members of the Metropolitan Life Insurance Company's post of the American Legion who competed for prizes offered in the thirty-two races.

Despite the disadvantages under which he labored, Mastro succeeded in earning second prize. He failed of first honors by only one yard after a plucky exhibition.

New York Athletic Club teams finished first and second in the 220-yard race for teams composed of men. The winning team started from scratch, completed eight strokes to their club mates and won by a yard.

The summaries:

25 Yard Race for Girl Employees of the Metropolitan Life Insurance Company—Won by Lois Leonic. Time, 28.5 seconds. Second, Miss Louise de Luca, third, time, 30.5 seconds.

Washburn Stands Out In Tennis Doubles Victory

His Superior Steadiness Proves Leading Factor in Defeat of Johnston and Davis, Says Tilden—Californians Lacking in Team Play.

By WILLIAM F. TILDEN 24. World's Champion Tennis Player. Special Despatch to This New York Herald.

BOSTON, Aug. 25.—Mr. Norris Williams 2d of Boston and Watson Washburn of New York moved into the final round of the national tennis doubles on the Longwood Cricket Club's Chestnut Hill courts this afternoon by defeating William M. Johnston and Willis E. Davis of San Francisco three sets to one in a brilliantly contested battle. Thus were eliminated two players who faced each other in the 1920 national doubles final on the same courts.

Davis cup stars were superior to their far Western opponents in the pinches, but Johnston and Davis took the first set at 8-6. To start the contest service held sway to 3-0, but Johnston's delivery yielded in the seventh game. This advantage for the Easterners was short lived, as the Californians retaliated by taking four straight points on Washburn's service, due to erratic volleying on the part of the New Yorker. Davis won easily, but Williams found himself facing set point at 30-40, only to pull out the game.

Johnston again held his delivery, but Washburn found three chances for the set facing him when he and his partner missed the first three points on easy volleys. The first break in Davis's play came in the fourth game, when he deuce and took the game, but the effort was not sustained, and the coast stars ran out the set. Johnston was playing steadily, but Davis was inclined to miss of the ground. Washburn was the superior player on the Eastern team, Williams being uncertain on his forehead. Williams seemed still a bit bothered by his slight indisposition yesterday, but a rest on Friday should put him in fettle for Saturday's final.

The second set produced the finest tennis of the day, all four men hitting brilliantly. The first break in Davis's play came in the fourth game, when he deuce and took the game, but the effort was not sustained, and the coast stars ran out the set. Johnston was playing steadily, but Davis was inclined to miss of the ground. Washburn was the superior player on the Eastern team, Williams being uncertain on his forehead. Williams seemed still a bit bothered by his slight indisposition yesterday, but a rest on Friday should put him in fettle for Saturday's final.

The psychological break developed in the third set. Johnston and Davis broke through Williams's service for a lead of 2-1 and service held for the next six games, making the score 6-4 in favor of the Sunset State pair. Johnston was volleying, and for the first time "Little Bill" faltered. He missed two crucial volleys, the second practically a setup at 30-40, tying the score at 5-5. Service again was the potent factor to 6-7, when Johnston again yielded and lost the set.

It proved to be the last straw for the Californians. They made one last effort, breaking through Williams to start the fourth set, but Davis, who had been falling away in his play, suddenly collapsed and the W.-W. team rushed through six straight games for the match.

Davis and Johnston are not in a class with Johnston and Clarence Griffin as a team, though Davis unquestionably is Griffin's superior in singles. For some reason Johnston failed to work well together. Perhaps it is because Johnston lacks the confidence in Davis that he would place in Griffin. Then, too, Davis's ground strokes are a weak link in the chain. It was lack of team play on the part of the Westerners, rather than superlative tennis by Williams and Washburn, that accounted for to-day's outcome. In the last three sets Williams flashed some of his most brilliant tennis, but Washburn was the steadiest man of the four, winning ten of his eleven service games. Johnston was broken through six times, while Williams dropped his service four times against three for Davis. For three sets it was a great work by Johnston, but all tension was removed as the match proceeded.

Of equal importance to the men's doubles semi-final was the first appearance to-day of Mrs. Molla Bjurstedt Mallory, the conqueror of Miss Suzanne Lenglen. She received an ovation when she appeared for her first mixed doubles match. She and I opposed Miss Edith Squire and N. W. Niles, and "Marvellous Molla" was in good form, considering that she had just stepped off the train. Her powerful drive was travelling so fast that she passed Niles often as he came to the net. We scored a straight set victory over the Boston pair, and continued at once against Miss Eleonora Sears and Willis Davis. This proved to be a sensational match, featured by hard hitting, with the smiles and grimaces of Dame Fortune changing often before we were fortunate enough to gain the ascendancy at 6-4, 7-5.

Miss Browne in Brilliant Stroke. Mrs. Molla Bjurstedt Mallory and myself opposed to Mrs. May Sutton Bundy and Ed. Kinsey of California, and myself to Mrs. Mary K. Browne and Bill Johnston who oppose Max Woosnam, the English Davis cup team captain, and Mrs. F. H. Godfrey of Boston. This latter pair most unexpectedly eliminated the hard hitting left handers, Miss Leslie Bancroft and Howard Voshell. Miss Browne and Johnston should win to-morrow, but it is too difficult for me to predict the result of the other semi-final.

This afternoon Miss Browne was particularly brilliant as I caught glimpses of her play from an adjoining court. She thrilled the largest gallery of the day by aiding Johnston materially in gaining a close straight set victory over Mrs. Louise Williams and Howard Kinsey at 6-4, 7-5. Miss Browne volleyed with all her old time skill and speed, and she and her partner are my favorites for the national mixed doubles title.

The Kinsey brothers met Richards and myself to-morrow to determine who will play Williams and Washburn for the men's doubles title. It should prove a nip-and-tuck battle, with the outcome hinging on the ability of "Vinnie" and myself to keep the ball in play. If we are at our best I believe that we will win, but my steadiness will prove fatal against so versatile and dogged a team as the Kinseys.

Arnold W. Jones, who obviously was fatigued after his five set match of the previous day against W. V. Ingraham, scored another sensational victory in the junior singles to-day. He eliminated Harold Godshall of Los Angeles after five sets and reached the semi-final round, where he will oppose Morton Bernstein of New York. Charlie Wood gave Vincent Richards his stiffest test in the junior play, but "Vinny" emerged victoriously in straight sets, the third of which went to deuce games. Harry Coffin of Los Angeles will meet Richards in the other semi-final.

More Rest Is Prescribed for Mile. Suzanne Lenglen. Marine Gunner Lloyd Hits 101 Consecutive Times. French Girl Tennis Champion Establishes New World's Record at Sea Girt.

So uncertain has Mile. Suzanne Lenglen's condition become in the last few days that it is idle to guess when she will return to the tennis courts. The French girl, who has been supposed to be well on the road to recovery from her throat trouble and nervous strain, and arrangements were made for her to play her first exhibition in mixed doubles with A. E. Sargent of the Club of Boston next Monday. She was to have practiced yesterday and the day before at the West Side Tennis Club of Forest Hills, but her strength would not be sufficient to permit her to play. Improvement also will not be able to see the tentative Boston appointment.

It was learned yesterday that on Monday night she was seized with a high fever that necessitated a hurried call for a physician. The latter attributed it to the lingering effects of the recent attack of bronchitis and to the frayed condition of her nerves and prescribed nothing but a continued rest. Suzanne was out of bed yesterday afternoon, but perceptibly weak, although her fever had disappeared. She has been eating very little, she has also been fretting over the fact that her doctor has never indicated any such desire. In fact, she is determined to go through with the entire programme that had been arranged out for her by the American Tennis Association and to participate in a tour to meet Mrs. Molla Bjurstedt Mallory and to atone for her poor showing in her match last week.

"We must be patient," said M. de la Motte, "it is very anxious to see Mile. Lenglen return to the courts, but it would be foolish to ask her to play before she is in fit condition. We will have to leave it to the girl to decide when she is ready. She certainly is not right now."

Caledonian Club Games. Entries for the games of the New York Caledonian Club at Ulster Park, Brooklyn, on Saturday afternoon tomorrow night will be W. W. Kinnear, 25 John street, 100.

She was owned and driven by James Stewart of Ottawa. The former Canadian record of 2:05 1/2 was held by the Bel, a gray stallion.

Fox Wins Shoot. CHICAGO, Aug. 25.—M. L. Fox of Emory, S. D., shooting from fifteen yards, won the preliminary handicap at the Grand American Handicap tournament at South Shore Country Club this afternoon by a score of 89 out of 100.

SMOKE SCREEN PROVES TURF SENSATION OF YEAR BY WINNING HURON HANDICAP

ACCOMPLISHES FEAT WITHIN 24 HOURS AFTER TAKING MILE RACE AT SARATOGA.

By HENRY V. KING. Special Despatch to This New York Herald.

SARATOGA, N. Y., Aug. 25.—When Smoke Screen was added to the Huron Handicap race to-day thousands gasped and denounced Jim Evans, his trainer, and Mr. Cochran for allowing him to run after such a fast race as that of yesterday. In the opinion of almost all present, he didn't have a chance of beating the stars opposing him. He was considered a sprinter and he stamped his race of yesterday as a fluke.

But Evans knew differently. He knew his colt was as fast as any man's horse, and he knew he could travel a distance.

Mr. Cochran knew both of these things, but he did not believe of his race to justice to himself after his race of 1:37 1/5 for the mile on the previous day. But Mr. Cochran consented to a mile's race to-day.

Before the field went to the post Mr. Cochran was almost an enthusiastic as his trainer and told all his friends the colt would win. He wagered on him, but few of his friends did. They couldn't be persuaded that the colt was a wonder and sought their favorite elsewhere.

Smoke Screen carried 115 pounds. He was allotted 107 by Water Vought, but he was penalized five pounds for his victory in the Huron Handicap. He carried an additional three pounds to get him to ride him. Smoke Screen is by Mr. Cochran's farm at Mount Kisco. There are three Futurity winners in the pedigree: His sire—His Majesty—by Ogden and is out of Her Majesty by His Highness, next dam The Butterflies.

Sporting Blood ran a magnificent race. He shouldered 127 pounds and ran as gamely as any horse in the race.

A special committee, Ira Beebe, Jr., Richard Rummell and H. Rottemer, managed this event and selected a course, sending the race first to the Grand Central Yacht Club, then to the Grand Central Yacht Club, then to the Grand Central Yacht Club, then to the Grand Central Yacht Club.

Hayseed IV, as a result of yesterday's race will be disgraced on the Childe trophy. This prize was offered as a perpetual challenge trophy many years ago by Commodore William H. Childs, and it has been won by many celebrated yachts. The trophy is emblematic of the championship of the lower bay, and all vessels 35 feet rating and under can compete for it on full time allowance. It was last won by the Marine and Field Club, and yesterday that yacht defeated the trophy against representatives of the Atlantic, New Rochelle and Gravesend Bay Yacht clubs. In all thirteen yachts started, and they furnished one of the best races of the Atlantic Yacht Club race week.

OWNER AND TRAINER CRITICIZED BEFORE RACE
